WINE & SOUL

In 2001 Sandra Tavares da Silva and Jorge Serôdio Borges began their adventure: two winemakers who, at the beginning, did not have vineyards nor wine, but a common dream, to create a personal project to which they would dedicate themselves with body and soul. The name **Wine & Soul** is a consequence of their passion and total commitment to wine, focusing on a relentless search for exceptional vineyards and creating differentiating wines with the identity of the terroir. At this moment, Wine & Soul has a total area of 80 hectares filled by forest, olive trees and vine (30 hectares). The vines are lagging behind in the Pinhão River Valley, being mostly Old Vineyards and for the production of Whites as the vines are located in areas with about 600 meters of altitude. Furthermore, Wine & Soul has always had a huge respect for the tradition and legacy of the Serôdio Borges de Souza Family. Therefore, since the year of its foundation, it started a Port Wine production with the aim of creating wines with an identity and creating stocks to later be able to launch fonts in various categories, namely Vintage Port, Tawnies and White Ports.

Benefits

- Special offer of 10% discount on all Wine & Soul experiences, namely on visits, tastings, lunches, picnics.
